**FEATURES**

- Special designed tubular plates using 99.9% pure lead and ultra safe separators.
- Large container to accommodate 30% extra electrolyte.
- Ceramic vent plug with water level Indicator.
- Quick recharge formulation.
- Low self discharge, low internal resistance.

**ADVANTAGES**

- Three times longer life.
- Low maintenance required.
- Visual Indication for water level & less topping of water required.
- Saves electricity by charging battery faster.
- Increases efficiency of battery & saves electricity.

Note: The designs and/or specifications may change any time without prior information.
